

## Public Speaking Activity

7/18/06

*Continuation of Interview Activity (each pair has practiced interviewing each other).*

### **Things to remember when speaking in public:**

- Project: speak up! Support your voice as if you were speaking to the person in the back of the room/conference.
- Speak clearly: don't mumble or drop your voice
- Make eye contact: remember to look up

Switch up the pairs and repeat one or two questions of the interview standing in front of the whole group. After both people get interviewed, open up for constructive criticism from the audience.
